PROFILE

I am a hyper-creative, traditionally trained, fine artist mixed with a seasoned web designer and front-end developer. I am currently focused on designing and coding bleeding-edge UI/UX/LX and semantic, accessible, instructional materials.

CURRENT

Media Coordinator

The Institute for Public School Initiatives @ College of Education @ The University of Texas

Austin, Texas | January 2011 – Current

- » Oversee the technical aspects of several state-wide initiatives at a non-profit operating under UT Austin's College of Education
- » Designed and developed over 1000 interactive exercises using HTML5, CSS3 & JS
- » Work daily with several CMS/LMS's with focus on interactive instructional design
- » Participate in hiring committees and train new technical hires
- » Maintain software licensing and departmental online accounts
- » Created and maintain a departmental style guide for interactive materials' development
- » Created and maintain other in-house technical documentations
- » Manage the department website and work closely with UT's Information Technology Service maintaining many online peripheral projects
- » Act as the technical expert for discussions and planning pertaining to new and existing projects

Freelance

Griffin Insight

Austin, Texas | January 2006 – Current

Griffin Insight is a one-stop shop for small business and creative individuals looking for complete online marketing campaigns. I offer creative direction, branding and logos, photographic services, audio production, full site design and development with hosting solutions.

RELATED WORK HISTORY

Texas Education Agency

Austin, Texas | July – November 2012

Developed hundreds of HTML/CSS3/Javascript online lesson materials in collaboration with the TEA, Trinity Educational Group and OnTRACK for College Readiness Initiative and entered them into the TEA's Project Share Texas platform for statewide use.
